Seeking relocation

Experience

Front-end Web Designer & Developer

Feb 2022 - Present

New Media Retailer, Norwich, NY

- Design and build responsive Shopify storefronts for 500+ clients
- Translate brand, marketing, and content requirements into user interfaces and digital experiences
- Maintain and evolve shared Shopify theme architecture used across hundreds of storefronts
- Design and develop companion marketing websites for 60+ clients
- Build and maintain reusable components and design systems across client projects
- Collaborate with support and management teams to troubleshoot issues and deliver solutions
- Manage client requests through internal systems, providing technical guidance, troubleshooting, QA, and implementation

Web Designer

Feb 2021 - Feb 2022

New Media Retailer, Norwich, NY

- Designed and built 6–10 client websites per week using established templates
- Designed page layouts and visual experiences around client branding and content
- Selected, prepared, and organized imagery and digital assets libraries
- Collaborated with product, onboarding, and customer service teams
- Performed HTML and CSS updates on client websites and components as needed

Digital Marketing Support Specialist

Jan 2020 - Feb 2021

New Media Retailer, Norwich, NY

- Completed website content, Shopify blog, and social media updates for 100+ clients
- Built and updated website and marketing content
- Created graphics for web and email marketing campaigns
- Performed website content QA and served as a final quality check for client websites
- Generated NAP reports to showcase local SEO performance
